Art Unit: 1794

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Okawa et al (US 2002/0022062) as set forth on pages 2-4 of the October 31, 2007 Office action and in paragraph no. 2, Paper No. 20080314.

3. Claims 1-24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Suzuki et al (EP 1 186 297 A2) as set forth in paragraph no. 3, Paper No. 20080314.

4. Applicant's arguments filed June 25, 2008 have been fully considered but they are not persuasive. Applicant's newly claimed ratio of "5 to 15" does not patentably distinguish over either primary reference. In this regard, applicant is referred to Ex. 9 of Okawa et al wherein applicant's claimed ratio is disclosed. Additionally, this example suggests the use of a coffee extract, which meets applicant's limitation of a fruit or vegetable flavor substance. Further, Suzuki et al discloses said ratio (paragraphs [0018] and [0031] and the presence of fruit juice (claim 3). Vegetable juice is a viable and obvious alternative to fruit juice in any beverage.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 1794

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
